PRESIDENT'S CORNER

Brother Hibernians:

I hope you are having a joyous and restful summer. I am just back from a two week vacation in the greatest state in the union, Rhode Island. My family and I, among other things, visited the beach, dug clams, went on a fishing charter, dined out at a few of the fantastic restaurants and went to a *Waterfire!* My fourteen year old, perhaps inspired by fellow Catholic and British Open winner Jordan Spieth, played his first 18 holes of golf. He had a really great time and I am looking forward to hitting the links with him again soon.

Our efforts around fund raising are paying off. As you know, we awarded the two scholastic awards in June and we will be attending the Summer Soiree in support of Mary's Shelter. We still have plenty of raffle tickets to sell and there is only one and a half months to go before the drawing. It is imperative that when an opportunity arises to sell tickets that we all make the effort to attend. This is our main income source this year and we need to get all tickets sold. On August 12 we will attend the Summerfest at Adventure Brewing South. This will be a fun, well attended event and we should be able to sell a lot of tickets. But we need YOU to make it a success!

Brothers, as you know, The Ancient Order of Hibernians in America is the oldest Catholic fraternal organization in the United States. On May 4, 1836 the first division of the Ancient Order of Hibernians was formed at New York's St. James Church. The Ancient Order of Hibernians in America has a long, proud, and frankly, interesting history. You should all feel a sense of pride to be a member of an organization that stands against bigotry in any form, protects and promotes the Catholic faith and Irish culture. As Proud members fully aware of our rich history, we should be cautious against adopting the customs or rituals of other organizations. Please review the History section at WWW.AOH.COM, re-read the Oath of Membership and remember the Motto of our organization, Friendship, Unity and Christian Charity!

*May brooks and trees and singing hills
Join in the chorus too,
And every gentle wind that blows
Send happiness to you.*

In Our Motto,
Shawn Lenahan

“The Celt would forfeit his title to the respect of the civilized world, did he not fight with all his heart and all his soul and all his cunning against the empire which has despoiled him and murdered his kin, now with arms, now with artificial famine. There can be no peace between the two people until either Ireland is a desert or is free. It is war to the knife, and the knife to the hilt. There can be neither truce nor compromise.”

ANOTHER NOTEWORTHY ANNIVERSARY:

The Irish government is honoring the 150th anniversary of Thomas Francis Meagher’s death (July 1, 1867) with a commemorative stamp and a first day cover. Noted as the “father of the Irish tri-color”, the stamp features a photo of Meagher with the Irish tri-color in the background. In 1847, Meagher was in France to learn revolutionary tactics. The French flag inspired him to create an Irish national flag - a tri-color of green representing Irish nationalists, orange representing the British loyalists with white between the two representing peace.

Meagher raised the flag for the first time at the Wolfe Tone Confederate Club at 33 The Mall, in Waterford on March 7, 1848 with

these words: “...I trust that the old country will not refuse this symbol of a new life from one of her youngest children. I need not explain its meaning. The quick and passionate intellect of the generation now springing into arms will catch it at a glance. The white in the centre signifies a lasting truce between the “orange” and the “green” and I trust that beneath its folds, the hands of the Irish Protestant and the Irish Catholic may be clasped in generous and heroic brotherhood...”

The Irish tri-color has inspired generations of Irish people since 1848. The flag didn’t see the light of day again until it was raised above the GPO during the Easter Rising in

1916; it was recognized as Ireland's national flag in 1937.

There is ample evidence that British spies and sympathizers in Montana may have assassinated our division namesake in July 1867. Subsequent to the 1866 Fenian incursions into Canada at Campobello Island and the Niagara raids (Battles of Ridgeway and Fort Erie), the British government was convinced the Fenians would try again to capture Canadian territory to bargain for Ireland's freedom. British spies within the Fenian organization knew Fenians were planning another incursion into Canada. When spies in Montana reported that

Meagher requested arms and munitions from Washington (to suppress a local Indian uprising), the British surmised this to be in support of the planned invasion. Thomas F. Meagher was a long standing thorn in the side of the British. As a Young Irelander, he led the 1848 Rising, he cheated a British death sentence, escaped from his exile to Van Diemen's Land, joined the Fenian Brotherhood in New York City, and commanded the Irish Brigade against the Confederates, a British ally. The report that he might be acquiring weapons for use against British territory was the excuse they needed to eliminate, once and for all, the thorn.

Meagher Commemorative Stamps/First Day Covers can be ordered at www.irishstamps.ie

AOH REVITALIZATION! I'm asking our brothers in the 20-to-40 age group to write a short paragraph or two on "*Why I'm a Hibernian*". It doesn't have to be grand, just an honest statement -- something that might encourage others to consider joining. Your thoughts will become part of the nation-wide campaign to promote membership.

Raffle Ticket Sales:

Many thanks to Bill Vanderveer, John Hogan, John Kelly and Bill Halpin for answering the call to sell raffle tickets at St Matthew Church on July 30th

### **IRISH SODA BREAD**

**Brown Soda Bread recipe (Tim O'Sullivan of Renvyle House, Galway)**

Ingredients -- makes one loaf

- 10oz whole meal flour
- 9oz white flour
- 1 tsp salt
- 1 tsp baking soda
- 2 tsp baking powder
- 9.5 oz. Buttermilk
- 1 beaten egg

Preheat the oven to 375° F

Sift together the flours, salt, baking soda and baking powder. Add the buttermilk and beaten egg to the mix.

Knead on a floured surface until smooth. Shape into a round and place on a baking tray. Make a cross shape on top of the cake and place in the oven for 35-40 minutes.

Serve slightly warm with real butter...delicious. Easy to make at home, but you can't beat real Irish soda bread ... and there's only one place you'll get that.
