# THE KELLY NEWSLETTER

Msgr. Charles A. Kelly, Jr. Division 44PO010007

January 9, 2026 Edition Volume 16 Issue 1

## **.President's Message January. 2026**

### **Dennis J. Mulligan**

#### **President's Message**

#### **Worthy Hibernian Brothers**

I hope each of you had both an enjoyable Christmas and a Happy New Year 2026 holiday with your family.

I would be remiss if did not take a moment to say “Thank You” for voting in a strong slate of officers, and for voting me in for a 4th term as president. Our new officers will be formally installed in January 2026. I would hope to see all brothers at this important upcoming meeting for the Divi-

sion. The core of our division is our members!

Lets help Past President Jack Simila in selling raffle tickets. Jack will also bring us up to date on current sales at the January meeting. Let us have more brothers help with our selling tickets.

[The Church Hill Irish Festival](#) is scheduled for March 21 and March 22. We will need help on Friday, March 20, to put up our booth for the festival and on March 22, we need help to take down the booth with Brother Larry Kelly.

Prior to the Festival, [SIGN UP GENIUS](#) will be emailed by Brother Dan Harrington to all brothers. We need volunteers to sign up to run the booth and to recruit new members and sell raffle tickets.

Our Meeting on January 15 2026 will be held at St. Joseph's Church, 828 Buford Road, Richmond, VA. 23235 at 7pm.

will now receive \$7,500 this  
year! This increased prize  
will definitely boost your  
chances of selling even  
more tickets.**

**Use this LINK to make  
your winning ticket pur-  
chase.**

### Some History of The Irish in America- Building the Blue Ridge Tunnel

There's no denying the Irish are well represented throughout the world. In America, from the mid-1800's on, they emigrated to the United States for a better life and to escape famine, religious discrimination and lack of opportunity. For what other reasons? Well, jobs were available at the time, Europe was embroiled in political problems and America was considered more stable.

Earlier opportunities for the Irish in the US included low paying and dangerous heavy construction jobs, including building canals and railroads, to name a few. However, immigrants were considered poor and disease-ridden,

**Congratulations and Best Wishes to  
Newly Inaugurated Irish President  
Catherine Connolly.**

Dear President Connolly,

On behalf of the Ancient Order of Hibernians in America, I ex-

extend our warmest congratulations on your inauguration as the 10th President of Ireland. Your

resounding victory, winning 63.4% of first-preference votes, the highest share ever in a contested Irish presidential election, speaks to the deep confidence the Irish people have placed in your leadership. Ireland's exiled children in America celebrate this moment alongside our brothers and sisters in Ireland.

*Sean Pender, National President of the Ancient Order of Hibernians (AOH)*

were Catholic and strained welfare budgets. Despite these obstacles, the Blue Ridge Tunnel, described below, describes one of the more dangerous projects built by Irish immigrants in the US.

The tunnel was the westernmost and longest of four tunnels engineered by Claudius Crozet to cross the Blue Ridge Mountains at Rockfish Gap in central Virginia.

### Blue Ridge Tunnel Construction

The Blue Ridge Tunnel, (also known as the Crozet Tunnel), is an historic railroad tunnel built during the construction of the Blue Ridge Railroad in the 1850s. The tunnel was the westernmost and longest of four tunnels engineered by Claudius Crozet to cross the Blue Ridge Mountains at Rockfish Gap in central Virginia.

Crozet began the back-breaking work in 1850 with a crew of 800 immigrant Irishmen and 40 enslaved African-American workers, some 189 of whom died due to construction accidents, black powder explosions and a cholera epidemic.

Some of the working conditions and casualties included:

About 800 Irishmen and 40 enslaved African-American laborers worked on the tunnel and there were 189 recorded deaths during its construction including men, women, and children who died during a cholera epidemic in 1854.

When completed, the Blue Ridge Tunnel was the longest in the United States and one of the longest tunnels in the world, a remarkable feat of engineering. It opened to rail traffic in April 1858, and was considered to be one of the engineering wonders of the modern world.
